NIA Press Release

NIA FILES SUPPLEMENTARY CHARGESHEET AGAINST 4 MORE ACCUSED IN SIRSA WOMEN POLICE STATION GRENADE ATTACK CASE.

New Delhi, 18th October 2026

The National Investigation Agency (NIA) on 17th October 2026 filed a supplementary chargesheet before the NIA Special Court, Panchkula, Haryana, against 4 accused, namely Rajbir Singh @ Fouji, Ved Parkash @ Pamma, Jiwanjot Singh Grewal @ Jyoti and Chirag Thakral, in connection with the grenade attack carried out near the Women Police Station, Sirsa, Haryana, on 25th November 2025 (RC-24/2025/NIA/DLI).

The case, originally registered as FIR No. 710/2025 dated 26th November 2025 at Police Station Civil Line, Sirsa, Haryana, was re-registered by NIA on 30th December 2025 as RC-24/2025/NIA/DLI. NIA had earlier filed a chargesheet in the case on 24th May 2026 before the NIA Special Court, Panchkula, against 9 accused persons, including Pakistani nationals Shahzad Bhatti and Sohail Ahmad @ Sohail Baloch.

The supplementary chargesheet details the conspiracy and the individual roles of the 4 accused, along with the supporting evidence collected during further investigation. It charges them under sections 61(2) r/w 109 and 238 of the Bharatiya Nyaya Sanhita, 2023, sections 5 and 6 of the Explosive Substances Act, 1908, and sections 18, 18B and 20 of the UA (P) Act, 1967.

Investigation has established that accused Rajbir Singh @ Fouji acted as the India-based coordinator of the cross-border network, working in coordination with foreign-based handlers for the collection and movement of weapons/hand grenades and narcotics in India. Accused Chirag Thakral, Jiwanjot Singh Grewal @ Jyoti and Ved Parkash @ Pamma, working under the directions of accused Rajbir Singh @ Fouji, played a key role in facilitating the movement of explosives used in the grenade attack at the Women Police Station in Sirsa.

The attack was carried out by members of the Shahzad Bhatti network, acting pursuant to an organised conspiracy, with the intention of causing harm to police personnel and of creating terror and fear among the general public. NIA's investigation has traced the conspiracy in the case to foreign-based handlers operating a cross-border terror network.

Further investigation in the case is continuing to identify and apprehend the other persons involved in the conspiracy and to unearth the complete cross-border terror network behind the attack.
